5 INDIVIDUAL'S EXPERIENCE. Describe experience related to the fulfillment of Work set forth under this Solicitation.

Ms. Miller is a Certified Geographic Information System Professional with work experience in both public and private sectors. She has a comprehensive understanding of identifying GIS needs for local and state governments. Her responsibilities include securing and managing multi-faceted GIS projects that involve numerous departments and/or organizations. Ms. Miller is proficient in all facets of marketing including proposal and grant writing, public presentation, documentation and customer driven internet applications.

2008 Local Update of Census Addresses (LUCA) Program, Bullhead City. The Local Update of Census Addresses (LUCA) program is a decennial census geographic partnership program that allows the Census Bureau to benefit from local knowledge in developing its Master Address File (MAF) /TIGER Database for the 2010 Census. The program allowed the city an opportunity to review and comment on the list of housing units and group quarters addresses, ensuring that the city was clearly represented in the 2010 Census Data. Ms. Miller assisted in developing the Master Address File (MAF) for the city. She reviewed and edited Census data and corresponding maps for accuracy and completeness. Received in-depth training conducted by Census Bureau staff pertaining to the Census data and LUCA program.

2006 Milwaukee Metropolitan Sewerage District, WI

Capacity assurance, Management, Operations and Maintenance (cMOM) Readiness Project. Designed a customized, multi- user asset management application to manage the district's asset information, providing GIS connectivity for graphical analysis. The proposed solution included risk management, cost analysis, life cycle analysis and condition monitoring functions using Oracle and Cold Fusion.

Engineered a Microsoft Access database tool to track massive amounts of asset related data provided by the communities served by the district. Mapped the flow of equipment maintenance, financial and project management records through a three-enterprise information system. Designed a web interface tool to further ease of use and access using Dreamweaver and Cold Fusion.

2006 Real Estate GIS Data Incorporation Project. Managed data digitization and conversion of over a thousand parcels, easements and other real estate interests into a GIS format from existing systems and sources. Developed an Oracle database to provide the district with a real estate GIS that is compatible with the existing GIS/Cad system. Integrated Oracle, Microstation, ESRI ArcGIS and Geomedia into a consolidated solution with provisions for future GIS software additions. Delivered a web enabled GIS application, facilitating the client to view digitized progress and access data as and when it was created.

2010-Current Parcel Mapping Application, La Paz County. Provided GIS consultation for geodatabase design and methods for the county wide parcel data, integrating and streamlining various data sources. Conducted GIS needs assessment identifying both long and short term goals, recommendations included cost and time effective strategies. Coordinated and orchestrated inter-departmental parcel data creations, ensuring data integrity and accuracy.

6 INDIVIDUAL'S POLITICAL AFFILIATIONS, ACTIVITY, CONTRIBUTIONS AND FUNDING.

6.1 Provide the following information for the ten-year period preceding the offer:

6.1.1 List this individual's political affiliation(s): Democrat

6.1.2 Describe the individual's political activity and/or services performed, whether voluntary or for a fee, for a political candidate, as an officer of a political committee, or as a campaign worker or fundraiser: None
