5	PROCEEDINGS
6	
7	CHAIRMAN LYNN: Good morning, ladies and
8	gentlemen.
9	For the record, all five Commissioners are
10	present, legal counsel, consultants, and staff.
11	As is our custom, call to the public will
12	be the first item.
13	Public comment: This is the time for
14	consideration and discussion of comments and complaints
15	from the public. Those wishing to address the
16	Commission shall request permission in advance by
17	filling out a speaker slip. Action taken as a result of
18	public comment will be limited to directing staff to
19	considering the matter study the matter unless or
20	rescheduling the matter for further consideration and
21	decision at a later date unless it is the subject of an
22	item already on the agenda.
23	First from the public is John Mills.
24	MR. MILLS: I'm John Mills, a City of
25	Phoenix resident.

1	First	Ι'd	thank	the	Commission	for	work

- 2 they did on the Congressional District. It's long and
- 3 arduous work. Thank you very much.
- 4 About the process, a couple things. First
- of all, for the record, the next time it happens in 10
- 6 years, hopefully, very hopefully, members of the public
- 7 will be very interested to follow extensively and there
- 8 will be a way get to get quicker data real time. I know
- 9 it's difficult to get data and maps as consultants and
- 10 maps, in some way I hope, in 10 years, data can be made
- 11 available almost instantly, follow it almost instantly.
- 12 That would be helpful.
- 13 The process thus far, as I was going
- 14 around to meetings, one of the things especially in the
- 15 second round, asked for many things, please keep the
- 16 neighborhood whole or pull people into a neighborhood or
- 17 out. The problem, several Commissioners asked for if
- 18 move people out, because of population out, in, district
- 19 would go where it would go, offset population, move, ask
- 20 for something, I took it to heart when I presented minor
- 21 changes around my neighborhood. I made sure I had
- 22 documented changes, where people could be moved, people
- 23 in, out, a couple community changes, where they could be
- 24 made, down Central Avenue, the districts, and two other
- 25 people got up after myself, people I had no connection

- 1 with, one was Susan Smith and another one Mr. Olson from
- 2 City of Scottsdale.
- 3 Last maps I saw last night, those changes
- 4 had not been incorporated. That is one thing, I was
- 5 wondering why those changes did not get incorporated.
- 6 The Commission in the last few days seemed
- 7 to accept a small deviation in population deviation, I
- 8 heard some that where up to two percent deviation. I'm
- 9 not sure two percent above, two percent below, a total
- 10 of four percent. My suggestion, either of the changes,
- 11 I'm suggesting half percent deviation. Let me explain.
- 12 Metro Phoenix, Metro Tucson, a lot of times balanced
- down to 171,000, 171, do that in metro areas, small
- 14 pieces of neighborhoods, 50 people, hundred people in or
- 15 out of neighborhoods. Exact population, if that's the
- 16 way all neighborhoods are in the state, that's fine.
- 17 Taken deviation much larger, smaller, a half percent
- 18 deviation, clean up, that's not smaller. Cleaning up,
- 19 51st Avenue, 55th Avenue, these type things, not
- 20 splitting cities, cities have strange boundaries, clean
- 21 up, not notches coming out, not only people, talk
- 22 figures out, things in neighborhoods help the County
- 23 Recorder, precinct lines, people ask where do I vote,
- 24 one side Peoria one district, other side Peoria, well,
- 25 if in this notch here conflicts -- if those things were

- 1 taken care of, I think much better usefulness for the
- 2 constituents in Arizona.
- 3 Thank you for your work on the
- 4 Congressional and Legislative lines. Thank you for your
- 5 time.
- 6 CHAIRMAN LYNN: Thank you, Mr. Mills.
- 7 We'll try to make terrific lines. We'll take that into
- 8 account on final instructions to consultants,
- 9 administrative instructions to consultants.
- 10 Final speaker, Jim Hartdegen, City of Casa
- 11 Grande and Casa Grande Chamber of Commerce.
- 12 MR. RIVERA: Give me a hundred dollar
- 13 bill.
- 14 MR. HARTDEGEN: Nice drive. I drove up,
- 15 could see Stanfield, those areas. Don't own a red
- 16 shirt, electric Sonoran tie. Move the line a little
- 17 further to the west. That's all I have to say.
- 18 CHAIRMAN LYNN: Thank you, Mr. Hartdegen.
- 19 Other members wishing to be heard?
- 20 With any luck, there will be another
- 21 opportunity to be heard today.
- 22 With that, if no other matters from the
- 23 public for the Commission, we'll move to the consultants
- 24 and result from work yesterday.
- 25 COMMISSIONER HALL: We missed you, Doug.

- 1 MR. JOHNSON: Mr. Chairman, Commissioners,
- 2 as the files open, it's 4G-SV3. All we have is revised,
- 3 revised two. As soon as the projector warms up, the two
- 4 maps are very closely related.
- 5 The revised is a map we were instructed on
- 6 by the Commission yesterday.
- 7 As we did the process, there was a small
- 8 change that wasn't included in the instruction. We
- 9 found underpopulate CC, make Hispanic underpopulated.
- 10 I'll start with revised, instructions with
- 11 the instruction.
- 12 We also thought, Mr. Chairman,
- 13 Commissioners, if it please the Commission I'll take a
- 14 couple quick minutes, the whole process of the map, how
- 15 we've gotten where it is today, where we find ourselves
- 16 today in this context, we found ourselves, even I find
- 17 ourselves with what 3G looked like, 3F.
- 18 COMMISSIONER ELDER: Quick one, 4G, F
- 19 revised one looking like.
- 20 MR. RIVERA: Correct.
- MS. HAUSER: What did you do to that
- 22 screen, Doug?
- MR. JOHNSON: Tried to mesh that screen.
- 24 Mr. Chairman, one thing we've been asked
- 25 to quickly summarize, the majority or number of majority

- 1 minority districts and majority-minority age voting
- 2 districts in the revised maps. You have revised maps.
- 3 You have nine majority districts, seven
- 4 majority-minority voting age districts. Of those
- 5 revised for majority-minority districts, three
- 6 minority-majority districts. The only change, revised,
- 7 revised two, of the revised two, five majority
- 8 districts.
- 9 COMMISSIONER MINKOFF: How many voting age
- 10 Hispanic?
- 11 MR. JOHNSON: Three Hispanic voting age
- 12 population.
- 13 COMMISSIONER MINKOFF: Okay. Thank you.
- 14 MR. JOHNSON: Spread sheets, AQD right at
- 15 the bottom, used practice AQD spread sheet to determine
- 16 if competitive. First page at the bottom, four seven
- 17 AQD, 10 districts, 15 percent AQD. Discussion of
- 18 avoiding bulletproof, anything within 15, prove not to
- 19 be bulletproof. Number of different competitives
- 20 floating around. Four within seven percent, 10 within
- 21 15 percent. Four within Maricopa went up to AQD.
- 22 McDonald study came back, still very,
- 23 registration only three percent. We didn't make those
- 24 changes.
- 25 Let me put this on the screen and we're

- 1 ready to go here.
- 2 Process began, Prop 106, large part was
- 3 inspired, part here. Current Legislative District.
- 4 Lines, unusual shapes, community divisions. Looked at
- 5 them in great detail. Pinal County has been rather
- 6 clear on their view of districts.
- 7 You see problems led by Prop 106. In the
- 8 quick time line, what we've gone through.
- 9 We start out with the grid. Essentially
- 10 an automatic process making the grid-like districts.
- 11 Led to relatively compact districts, two of which are
- 12 the same districts.
- 13 Compact districts, lots of other issues
- 14 are extensively documented. Effect on Reservation
- 15 borders.
- 16 The Commission, other criteria was listed
- 17 proposition.
- 18 Then we came to the first round of line
- 19 drawing hearings and decisions. NDC presented this map.
- 20 It's own issues have been discussed. Certainly getting
- 21 better already at that point. Current Legislative
- 22 Districts. A lot of progress to be made as we went
- 23 forward.
- 24 Adopted a draft. The much discussed
- 25 District W. Also the rest of map. Adopted a draft, the

- 1 much more compact Legislature, and many more communities
- 2 which were preserved, many more clearly identifiable
- 3 AURs preserved. I know I live in this community, you
- 4 know what community.
- 5 Jumping forward, what I counted last
- 6 night, there were 20 statewide maps developed per the
- 7 Commission's discussions. If there's an option out
- 8 there we haven't looked at, it's going to surprise me.
- 9 Came to 3G, and the north was starting to
- 10 take shape.
- 11 Familiar the last few days, starting to
- 12 come back into recent memory, and a big change between
- 13 that and where we are today is the southern district. I
- 14 mean the southern District Z and its companion districts
- 15 Y, W down here which change.
- 16 So that brings us to the current state of
- 17 the map.
- 18 In a quick time frame, that refreshes our
- 19 memory on where we come from and the considerable
- 20 progress of citizen requests and community border.
- 21 To focus on instructions given yesterday,
- 22 and implemented by NDC staff not too late into the night
- 23 relatively, 20 hours work doing this, changes all down
- 24 south, entire Sierra Vista replaced CD. Put labels down
- 25 here: The eastern Pinal portion Z, unified remainder of

- 1 Pinal County except Oracle, San Marino --
- 2 MR. RIVERA: San Manuel.
- 3 MR. JOHNSON: Three San Marinos.
- 4 COMMISSIONER ELDER: Ocean front property
- 5 accepted.
- 6 MR. JOHNSON: District Y, western side now
- 7 comes into Marana essentially to highway, freeway there.
- 8 Per instructions, came into Marana, as far as
- 9 demographics, continued to improve voting rights
- 10 District Y. Document changes in Sahuarita, voting area
- 11 extended DD west meeting goals, contradicted, instructed
- 12 us on District Y. Moved up slightly Santa Cruz County.
- 13 Looked off squaring off northwest corner. Turned out
- 14 not having effect approach go for District Y. Only
- 15 change, add one more place. Essentially line comes up
- 16 to Tubac.
- 17 CHAIRMAN LYNN: Tumacacori.
- 18 MR. JOHNSON: Thank you.
- 19 Far west District Y was taken in Gila
- 20 Bend, rural unincorporated areas of Buckeye and south of
- 21 Buckeye, noncontiguous portion, 35 portions, did not go
- 22 into main portion of Buckeye.
- Other changes involve Z and DD.
- 24 Essentially we cleaned up lines of Oracle, San Manuel,
- 25 removed some just going on there, and moved slightly

- 1 east. Large Census block ZZ, 28 people affected, and
- 2 mostly compactness goals minimizing population
- 3 deviations. In goals, minimizing population goals.
- 4 Speaking of population deviation goals.
- 5 Areas speaking were population, bench mark population.
- 6 COMMISSIONER ELDER: District Y.
- 7 MR. JOHNSON: District Y. Slightly
- 8 underpopulated District Y, in order to meet the goal of
- 9 voting age, bench mark percentage. It was nice also to
- 10 complied with requests of Pinal County, move the border
- 11 west, take in Stanfield all the way over White Parker
- 12 Road to the freeway, also slightly west below the
- 13 freeway. Goals of Y and goals of the voting rights went
- 14 along there. Not all the way over the highway, past
- 15 Stanfield and incorporates Stanfield over.
- 16 COMMISSIONER HALL: What percentage on Y?
- 17 Looking to the charts, what am I missing?
- 18 MR. JOHNSON: Y stands out, in comparison
- 19 to yesterday. Two percent, 3,000, 2,000 people.
- 20 Handouts, 3,000, 4,000 people.
- 21 COMMISSIONER HALL: Both have end
- 22 population, one and two.
- MR. JOHNSON: One, two same in Y.
- 24 COMMISSIONER HALL: Difference.
- MR. JOHNSON: Only change in handouts,

- 1 one, two, CC and border DD.
- 2 COMMISSIONER HALL: Sorry.
- 3 MR. JOHNSON: One thing, Tohono O'odham
- 4 moved, closer to Green Valley, Sahuarita is attempting
- 5 to achieve voting rights goals, went slightly to west.
- 6 Completely unpopulated blocks AA.
- 7 COMMISSIONER ELDER: I think one other
- 8 change. Looks like Census place, Summit, also helped
- 9 demographics, majority-minority demo.
- 10 MR. JOHNSON: Exactly correct.
- 11 COMMISSIONER MINKOFF: Here. Right.
- 12 Okay.
- MR. JOHNSON: Mr. Chairman, answer
- 14 questions on this or go to revised two.
- 15 COMMISSIONER ELDER: Tubac, Tumacacori
- 16 area, how much shift, what population shift Tubac,
- 17 Tumacacori? Pretty strong change in Tubac, Tumacacori
- 18 and Tubac Presidio, National Presidio, didn't make a
- 19 difference? Rather see two cities together, function
- 20 almost as one. Rarely get as one.
- 21 MR. JOHNSON: Tumacacori, two-thirds
- 22 Hispanic. Tubac, 50 percent. Tubac is 15 percent. We
- 23 could look at it, just over bench mark.
- 24 COMMISSIONER ELDER: Rather see bench mark
- 25 met. If possible met, a positive.

- 1 COMMISSIONER MINKOFF: District Y, entire
- 2 town out of District Y. Without exact number, can you
- 3 tell me about the number of Cochise County that remains
- 4 in Exhibit Y?
- 5 MR. JOHNSON: Took out Sierra Vista. That
- 6 brings it down to 80,000, 37,000, 117,000 in the county,
- 7 80,000 remaining.
- 8 COMMISSIONER MINKOFF: Little more than
- 9 half in the district.
- 10 MR. JOHNSON: Come 170,000 and county
- 11 line. Essentially 80,000.
- 12 CHAIRMAN LYNN: Since most of the Pima
- 13 County contribution to the district I won't say is
- 14 uninhabited, sparsely inhabited area, exception is
- 15 Marana, estimate Marana contribution to district.
- MR. JOHNSON: Marana, 13,000, not sure
- 17 between the two.
- 18 CHAIRMAN LYNN: Much is east of it
- 19 relative to numbers. Relatively insignificant.
- 20 MR. JOHNSON: I think about 2,500 people
- 21 in the Pinal County portion of District Y. 25,000 Gila
- 22 Bend portion. About 7,500, 80,000 from Cochise.
- 23 COMMISSIONER MINKOFF: Santa Cruz. 35,000
- 24 there.
- 25 CHAIRMAN LYNN: 85,000 from Pima County.

- 1 COMMISSIONER ELDER: 10,000 Tohono
- 2 O'odham.
- MR. JOHNSON: 10,000, I'd say, total.
- 4 Point to raise, Tohono O'odham raised with concern to a
- 5 Sierra Vista dominated district, this change is just
- 6 under a half population district.
- 7 COMMISSIONER ELDER: Another advantage, go
- 8 to the Y of the district, remains a rural dominated
- 9 district.
- 10 COMMISSIONER HALL: So noted.
- 11 CHAIRMAN LYNN: Mr. Hall is all over that.
- 12 COMMISSIONER HALL: Thank you, Mr. Elder.
- 13 CHAIRMAN LYNN: Comments or questions on
- 14 the map.
- 15 COMMISSIONER MINKOFF: Apparently the
- 16 revision is very minor. If we like it, work on that
- 17 one.
- 18 CHAIRMAN LYNN: Sure. Can you explain
- 19 what you did, and what we did.
- 20 MR. JOHNSON: Sure. On the handout, zoom
- 21 out here, only change northeastern corner, District CC,
- 22 we District CC 49.755 voting age. We dropped, moved
- 23 about 1,000 people from District CC into District DD,
- 24 not offset, included a 1.11 percent deviation in
- 25 District CC, and it created an additional majority

- 1 district, District, CC through that change. Again,
- 2 change small movement blocks east of Harrison Road north
- 3 of Escalante Road handout. Previous handout, see
- 4 previous hatched line.
- 5 CHAIRMAN LYNN: Previous line, went
- 6 through the block one mile square. Those are major
- 7 roads. So by dividing differently, you achieved that.
- 8 MR. JOHNSON: The area moved is the area
- 9 between the black line and pink area. An unusual black
- 10 line is an attempt to achieve a line, returning all
- 11 borders.
- 12 CHAIRMAN LYNN: This could likely even out
- 13 better, even out more without detriment.
- 14 MR. JOHNSON: List to even out city lines.
- 15 COMMISSIONER MINKOFF: Mr. Elder and I
- 16 like a llama, close to a donkey.
- 17 CHAIRMAN LYNN: Elephant district, looking
- 18 for donkey district.
- 19 CHAIRMAN LYNN: Just --
- 20 COMMISSIONER MINKOFF: Go ahead.
- 21 CHAIRMAN LYNN: No. Sunday. I'm not
- 22 going to do it. Questions on particular amendment or
- 23 rescission, sufficiently incorporate in the motion the
- 24 map we'll discuss. Doesn't mean the map we're
- 25 discussing we're adopting. I think the change is a

- 1 beneficial change.
- 2 Ms. Hall.
- 3 COMMISSIONER MINKOFF: Yes. I'd like to
- 4 move we use test 4G SV3 Revision 2 as our map for
- 5 further revision.
- 6 CHAIRMAN LYNN: If I, as a manner of
- 7 speaking, take that as: include Revision 2 as the map
- 8 under consideration?
- 9 COMMISSIONER MINKOFF: Include Map
- 10 Revision 2 as the map under consideration.
- 11 CHAIRMAN LYNN: Is there a second?
- 12 COMMISSIONER HALL: Second.
- 13 COMMISSIONER HUNTWORK: I agree the goal
- 14 very is laudable. I do not -- I'm very concerned about
- 15 using simple population deviation for achieving the goal
- 16 here or anywhere else. My mind races with the obvious
- 17 equal protection issues. I'd like time to get legal
- 18 advice on whether it's permissible to use ethnic or
- 19 racial criteria like that, to use racial or ethnic
- 20 criteria like that.
- 21 CHAIRMAN LYNN: We'll be to happy get that
- 22 at some point. The reason one might support the motion
- 23 is more to the point of achieving increased community of
- 24 interest, one of which we established as the Hispanic
- 25 AUR. That becomes part of the voting rights reasons to

- 1 consider it, one of the other goals.
- 2 CHAIRMAN LYNN: Ms. Leoni.
- 3 MS. LEONI: I'd point out we used a slight
- 4 deviation, unite cities of La Paz County, slight
- 5 deviation, and an instruction for the final map
- 6 clean-up, in conjunction with avoiding splitting
- 7 neighborhoods and trying to use the most recognizable
- 8 boundaries, there's some instruction to use some
- 9 deviational review with your attorneys. I wanted to
- 10 state my point of how deviation is factoring into the
- 11 process.
- 12 COMMISSIONER HUNTWORK: Question: voting
- 13 rights issues are somewhat different. The classes
- 14 suspect under the equal protection clause are defined by
- 15 equal protection analysis, not a voting protection
- 16 analysis. It may be perfectly fine using equal
- 17 protection of 106, voting for protection under 106. The
- 18 voting clause, you look specifically at 106 issues as
- 19 they are concerned, legal analysis on whether we can use
- 20 same categorically, specifically, as a way, use unequal
- 21 population specifically as a way of addressing this
- 22 specific category.
- 23 CHAIRMAN LYNN: This category?
- 24 COMMISSIONER MINKOFF: I think we should
- 25 make you write "One person one vote" 500 times.

1	Mτz	question,	legal	question.	within	the
<b>-</b>	T.T A	daeperon'	Tegar	daeperon'	WICITII	CITE

- 2 bonds of acceptable population deviation, is we make the
- 3 switch of equal population clause without a claim that
- 4 would invalidate it. Don't invalidate it.
- 5 MR. RIVERA: Having gone through a
- 6 shorthand answer. The shorthand answer from me is yes.
- 7 COMMISSIONER MINKOFF: Short answer.
- 8 Answer is yes?
- 9 MR. RIVERA: Yes. We've already discussed
- 10 it.
- 11 COMMISSIONER HALL: Wanted to clarify it.
- 12 In addition to items Ms. Leoni answered,
- 13 the intended population deviation traps between
- 14 Congressional and Legislative, to.
- 15 CHAIRMAN LYNN: As well as other traps,
- 16 zero population precincts, that sort of thing.
- 17 COMMISSIONER HUNTWORK: I acknowledge as
- 18 long as not addressing suspect deviation within
- 19 reasonable boundaries, just that very specific point.
- 20 I'll accept the advice of our counsel.
- 21 Lisa, you concur in the opinion?
- MS. HAUSER: Yes. We previously addressed
- 23 that.
- 24 CHAIRMAN LYNN: Further discussion?
- 25 Mr. Elder?

1	COMMISSIONER ELDER: "Aye."
2	CHAIRMAN LYNN: Ms. Minkoff?
3	COMMISSIONER MINKOFF: "Aye."
4	CHAIRMAN LYNN: Mr. Hall?
5	COMMISSIONER HALL: "Aye."
6	CHAIRMAN LYNN: Mr. Huntwork?
7	COMMISSIONER HUNTWORK: "Aye."
8	CHAIRMAN LYNN: Chair votes "aye."
9	(Motion carries.)
10	CHAIRMAN LYNN: Revised 4G-SV3 as Revised
11	twice for those keeping score.
12	Questions on this map? If I don't,
13	reissuance for very, very good reasons. I completely
14	support them.
15	One collateral effect of that, Z is a
16	previously competitive district. It's no longer a
17	competitive district. The adjacent competitive
18	district, Mr. Huntwork raised the competitive, whether
19	BB is competitive, BB is a competitive district, we
20	looked at the possibility of shifting population between
21	two districts, make them both more competitive than they
22	are.
23	MR. JOHNSON: Commissioner, we looked at
24	it. At this time not a fully developed map we're ready
25	to show you this morning. Essentially the border, the

- 1 Commission is locking out Sweetwater, locking out AA,
- 2 ZZ.
- 3 COMMISSIONER MINKOFF: I see.
- 4 MR. JOHNSON: In order to have Z
- 5 competitive, competitive AQD, AQD registration with
- 6 different results. McDonald with different results, AQD
- 7 flip-flop, McDonald numbers are more consistent around
- 8 the map than our numbers, the reverse of what happened
- 9 in the Congressional map. What map Z is competitive,
- 10 dark and Blacklidge. Dark here and Blacklidge south of
- 11 Fort Lowell.
- 12 COMMISSIONER MINKOFF: Where is Fort
- 13 Lowell?
- 14 MR. JOHNSON: Fort Lowell is here.
- 15 COMMISSIONER MINKOFF: Okay. This is Fort
- 16 Lowell.
- 17 MR. JOHNSON: BB loses population. Rotate
- 18 through DD on the east. DD makes a circle with
- 19 population. One thing, playing with numbers last night,
- 20 made BB close to competitive. Took a line where the
- 21 lines move, make both competitive with the rate of
- 22 competitive measurements we use. Z stops at Campbell
- 23 and comes all the way down to A.
- 24 CHAIRMAN LYNN: To Blake north of
- 25 Speedway.

1	COMMISSIONER MINKOFF: Upside down.
2	CHAIRMAN LYNN: East north of BB. We
3	don't have fully prepared maps. We've made progress.
4	I should point out one thing. We made
5	changes. Line DD and Z, it moves well west. Over and
6	around the first, the connector comes around, it is at
7	least from the numbers so far an unusual shape one
8	competitive point. You end up with Z coming down.
9	COMMISSIONER MINKOFF: No effect on DD
10	moving the population. That seems to me to be something
11	we should take a serious look at, an opportunity for two
12	competitive districts, solid Republican, and solid
13	Democratic, very much in keeping with what we have been
14	asked to do subject to no detriment to communities of
15	interest. May be a positive change to the map.
16	CHAIRMAN LYNN: Mr. Elder.
17	COMMISSIONER ELDER: As to the detriment
18	to communities of interest, the strongest in state is
19	the crossover of city and county boundary. The river
20	defined testimony, the demographic boundary re the City
21	of Phoenix boundary, Casas Adobas, the City of Tucson.

City of Tucson adjoined the City of Tucson. If there

was water quality, surprised bales of cattle, cannot

support at all going south of that river at all with B.

Comes down, funny Z, not compact. Violates four, five

22

23

24

25

- 1 principles of 106. I know, Andi, you have a real and we
- 2 can go, we can take it into the heart, the compactness
- 3 of it. It didn't benefit from the contiguous,
- 4 compactness, or competitiveness.
- 5 COMMISSIONER HUNTWORK: Yield to the
- 6 necessary, have an itch on the screen with the streets.
- 7 This is just the main streets. You put in all the
- 8 streets, jumps right out at you. The river borders to
- 9 completely different types, heart of the most densely
- 10 populated part of Tucson, may even go into the downtown
- 11 area.
- 12 CHAIRMAN LYNN: Larger lot size, less
- 13 density. North of the river you get to slope up. The
- 14 river is generally recognized as the community dividers.
- 15 It does tend to get respected as the repeated city north
- 16 of the river is an annexation with those that live north
- 17 of the river.
- 18 Mr. Hall.
- 19 COMMISSIONER HALL: Couple questions.
- 20 Total tally. Never had Judge It, but the map,
- 21 consideration where are we. Best guess.
- 22 MR. JOHNSON: Using AQD, for competitive,
- 23 left out of range. McDonald said competitive, said only
- 24 three. Another as well, registration is less than seven
- 25 with AQD out of it.

- 1 Our two measurements, six competitive
- 2 measurements, I don't know.
- 3 COMMISSIONER HALL: He was seven.
- 4 MR. JOHNSON: He was seven. There was 15.
- 5 COMMISSIONER HALL: Green, middle city
- 6 border. One, this complete unincorporated middle city
- 7 area is Flowing Wells, comes up slightly to the Tucson
- 8 City line. As we understand, the battle is mostly where
- 9 you live.
- 10 Perspectively following.
- 11 COMMISSIONER ELDER: Cuts the center,
- 12 balance of the medical school. If Adams is indeed
- 13 the -- breaks, if it moves in. It doesn't make sense,
- 14 hinders or harms communities of interest.
- 15 CHAIRMAN LYNN: I'm somewhat intrigued.
- 16 If I understood you, two forays into BB in an attempt to
- 17 achieve the desired goal. One was a longer, deeper
- 18 foray than the other based on competitive parameters.
- 19 Could you again tell me the lesser
- 20 invasive borders? I invite my colleagues to listen to
- 21 this. It might be important later.
- 22 MR. JOHNSON: First thing, major roads --
- 23 first major discussed in the goal is making Z
- 24 competitive. Instead of the L shape here, what we have
- 25 is some citizen maps suggested. Z comes down south of

- 1 the river and continues on up to Dodge where the city
- 2 crossed and Blacklidge south of Fort Lowell Road,
- 3 further extension along the river not quite as far
- 4 south, both come far as south, Z becomes competitive,
- 5 using competitive AQD measurements,
- 6 CHAIRMAN LYNN: Competitive just at the
- 7 margin?
- 8 MR. JOHNSON: Right.
- 9 CHAIRMAN LYNN: X, treatment at the edge
- 10 of competitive.
- 11 MR. JOHNSON: Extreme edge of competitive.
- 12 COMMISSIONER MINKOFF: Fairly.
- 13 MR. JOHNSON: Didn't bring registration to
- 14 competitive. Chris told me six, seven percent AQD.
- 15 CHAIRMAN LYNN: What's your pleasure?
- 16 COMMISSIONER MINKOFF: I'm beginning, I
- 17 know, to sound like a broken record. I'm comfortable to
- 18 either make changes in both districts that are
- 19 competitive in Mr. Elder's view that are not acceptable
- 20 in the communities view standpoint, from a less dramatic
- 21 standpoint. I'd like to see two competitive districts,
- 22 if not to competitive districts. I'd like to see one
- 23 competitive district.
- 24 CHAIRMAN LYNN: Are you prepared to make a
- 25 motion?

1	COMMISSIONER	WINKORE.	TIA .	lika to	hear
<b>-</b>	COMMITSSIONER	MINKOPP:	u .	TIVE CO	mear.

- 2 from other Commissioners which way they want to go. My
- 3 preference to, both Democratic Republican, hearing the
- 4 concern of Mr. Elder is it may be shared by other people
- 5 on Commission. They could be Less happy with one more
- 6 competitive district. We'd like to know if we put the
- 7 motion on the floor, we have it be the right motion.
- 8 CHAIRMAN LYNN: Let me put something on
- 9 the floor have lesser, few changes, not because there
- 10 are lesser, few changes, there's ample testimony if you
- 11 live there, express the river does create a number of
- 12 divisions, natural, historic, in terms of political
- 13 thought and the community. I don't know if there's a
- 14 good community in the Phoenix area, give you an example
- 15 how this works, give you people in Phoenix, Tempe, don't
- 16 agree Arcadia issues, if that's not wholly appropriate,
- 17 it's close.
- 18 To answer the question, Ms. Minkoff, I'd
- 19 be more inclined for a lesser incursion than I would
- 20 full incursion. I'd not for sure support that for
- 21 reasons stated. I need to know what that rotation would
- 22 look like. Z on east and BB, how much division is
- 23 affected there. Many, I think, if I remember correctly,
- 24 the difference is something like Craycroft north, how
- 25 the access to Campbell.

1	MD	JOHNSON:	Tn	Catalina	Foothills?
4	MK.	OUNSON:	<b>T11</b>	Cataiiia	LOOCHITIES:

- 2 CHAIRMAN LYNN: In the foothills. When
- 3 you are located around the lesser ones.
- 4 MR. JOHNSON: That's okay. A lot of
- 5 stuff, a lot of pages.
- 6 It stayed east of La Canada, it was
- 7 between La Canada and first.
- 8 CHAIRMAN LYNN: Not as far east. Further
- 9 from the borderline between Craycroft and Campbell.
- 10 This region moved only into DD.
- 11 Move to one other comment and be done on
- 12 issue.
- Dividing line signals to me, may be a
- 14 nuance, divides in a nice way what I consider the oldest
- 15 and newest foothills development, a development in the
- 16 first years, all the way from the boundary, remain Knoll
- 17 Canyon, further down on the east side, DD, in this
- 18 representation, fairly depicts another nuance of the
- 19 district bordering.
- 20 COMMISSIONER MINKOFF: Want to hear from
- 21 others?
- 22 CHAIRMAN LYNN: Sure.
- 23 COMMISSIONER MINKOFF: On the Foothills
- 24 development, I'm not as sure as you are.
- 25 COMMISSIONER ELDER: Doug, put state

- 1 highways on the map.
- 2 COMMISSIONER MINKOFF: A question about
- 3 the Foothills map, ZZ, it's a large district. A lot
- 4 isn't the Foothills development at all. In terms of
- 5 community development, is that Westwood --
- 6 COMMISSIONER MINKOFF: East. Older
- 7 Foothills development, newer Foothills development than
- 8 ones bordering --
- 9 CHAIRMAN LYNN: Say again.
- 10 COMMISSIONER MINKOFF: -- the area of
- 11 Catalina Foothills being proposed from BB, from District
- 12 Z, you mentioned the area west of Craycroft, west of
- 13 Craycroft.
- 14 COMMISSIONER MINKOFF: What I'm asking,
- 15 District Z, being the large district, going all the way
- 16 into Pinal County, all way to Interstate 10, the larger
- 17 portion, newer portion of the Foothills areas north of
- 18 Interstate 10.
- 19 COMMISSIONER ELDER: From almost -- it
- 20 almost relates to a land form. Drive down the
- 21 Interstate 10, the Foothills dominated the east and flat
- 22 irrigation to the west. All the way, shows up there
- 23 with the symbol I-10, northeast Tucson, National Country
- 24 Club in the area, growth and areas north of that, we
- 25 have new areas just exactly the same as the foothills

- 1 along there. As far as a shift, until we get to Marana,
- 2 tenuous until there.
- 3 CHAIRMAN LYNN: Anyone else offer an
- 4 opinion to help Ms. Minkoff in motion preparation?
- 5 Mr. Huntwork?
- 6 COMMISSIONER HUNTWORK: Well, I haven't
- 7 even had time to absorb totally the map me just
- 8 received.
- 9 I'd like to talk about, see the
- 10 competitiveness analysis as a whole. I've seen that as
- 11 whole. I heard a lot of testimony in the downtown area.
- 12 It occurs to me there's a community of interest in three
- 13 pieces. Some in B, D, which pretty much jump out at you
- 14 when you look at population densities, the way people
- 15 live, and so on.
- 16 CHAIRMAN LYNN: Minkoff.
- 17 COMMISSIONER MINKOFF: I'm not suggesting
- 18 changing the map. I agree we haven't had a lot of time
- 19 to absorb it. We presented a minor adjustment to ease
- 20 it to understand the adopted incorporated map. I'm
- 21 suggesting a test. I'm not suggesting a change, any
- 22 boundaries. I agree it's premature. I'd like to see
- 23 what it does. If test result, don't like what it does,
- 24 don't adopt it. If run does positive things, we should
- 25 adopt it. I'd like to move we have a test, help me

- 1 describe it Steve, less incursive of the two changes,
- 2 near Fort Lowell on south and east as far south as --
- 3 MR. JOHNSON: Dodge.
- 4 COMMISSIONER MINKOFF: -- as far as the
- 5 Dodge test that as far as it affects competitiveness as
- 6 far as Z.
- 7 CHAIRMAN LYNN: What testing?
- 8 COMMISSIONER MINKOFF: Boundaries, AQD
- 9 test.
- 10 CHAIRMAN LYNN: Draw it and AQD test it.
- 11 Second to motion.
- 12 COMMISSIONER HALL: Clear to say it
- 13 wouldn't pay attention.
- 14 CHAIRMAN LYNN: Accurate?
- 15 COMMISSIONER HALL: The motion again.
- 16 CHAIRMAN LYNN: The motion is to attempt
- 17 to test the lesser of two adjustments bringing District
- 18 Z, BB achieve a more competitive district. It would
- 19 bring ZZ into B as far south as Fort Lowell, as far east
- 20 as Dodge, with a registration AQD test to look at the
- 21 competitive nature of the test, I believe is the motion.
- 22 COMMISSIONER HALL: Second that.
- 23 COMMISSIONER HUNTWORK: Where Z gives up
- 24 population.
- 25 CHAIRMAN LYNN: Z gives up population on

- 1 the southern boundary.
- 2 COMMISSIONER MINKOFF: No.
- 3 CHAIRMAN LYNN: Gives up population on the
- 4 western.
- 5 MR. JOHNSON: Southeastern.
- 6 CHAIRMAN LYNN: Long week.
- 7 COMMISSIONER HUNTWORK: Where would DD
- 8 give up?
- 9 CHAIRMAN LYNN: DD rotates west along the
- 10 Foothills first, or far west as La Canada.
- 11 Is that right?
- 12 MR. JOHNSON: DD is giving up west.
- 13 COMMISSIONER ELDER: Oracle Highway.
- 14 Looked at numbers, not balanced or anything.
- 15 COMMISSIONER MINKOFF: BB essentially
- 16 slides eastward.
- 17 CHAIRMAN LYNN: So it's clear, slide
- 18 eastward to the least objectionable of the rotations, as
- 19 I see it. Unless it changes demographics the other way,
- 20 slight eastward is the least done to any other parts.
- 21 COMMISSIONER ELDER: I suppose it would be
- 22 as long as the forest boundary, there is no road on the
- 23 Saguaro boundary, east Rim Cons. Went that far,
- 24 functional gerrymandered districts. I cannot see. I'm
- 25 still sitting here to see what benefit.

1	CHAIRMAN LYNN: If the motion passes,
2	we'll find out.
3	Further discussion on the motion? If not,
4	roll call.
5	Mr. Hall?
6	I'm sorry, ladies and gentlemen.
7	Mr. Elder?
8	COMMISSIONER ELDER: "No."
9	CHAIRMAN LYNN: Ms. Minkoff?
10	COMMISSIONER MINKOFF: "Aye."
11	CHAIRMAN LYNN: Mr. Hall?
12	COMMISSIONER HALL: "Aye."
13	CHAIRMAN LYNN: Mr. Huntwork?
14	COMMISSIONER HUNTWORK: It breaks up
15	communities of interest, "no."
16	CHAIRMAN LYNN: The Chair is willing to
17	look at it. The Chair votes "Aye."
18	(Motion carries three-two.)
19	COMMISSIONER ELDER: When do we return?
20	CHAIRMAN LYNN: 45 minutes to an hour.
21	That much to go. About ready to go.
22	Anything else to discuss on the map before
23	we move away?
24	We'll review the Northern District we

25 talked yesterday, the Phoenix District we talked about

- 1 yesterday. My understanding is the southern part of the
- 2 state is really the only part of the state to focus on
- 3 in terms of the state we're discussing.
- 4 Further discussion for one part of the
- 5 state at the moment?
- 6 Let's take a look at that part of the map.
- 7 COMMISSIONER HUNTWORK: It's not this
- 8 portion. I had one thought about Phoenix.
- 9 CHAIRMAN LYNN: Big thought or little
- 10 thought? Is the thought on efficacy or complex?
- 11 COMMISSIONER HUNTWORK: We could take the
- 12 usual 10-minute to half hour break.
- 13 (Whereupon, a recess was taken from
- 14 approximately 10:00 a.m. until 11:07 a.m.)
- 15 CHAIRMAN LYNN: I'd call the Commission to
- 16 order.
- 17 Mr. Johnson, the result of your incursion,
- 18 carpet bombing on the bottom of Z.
- 19 MR. JOHNSON: The results are on the
- 20 bottom of the screen.
- 21 The north, District Z, border moves
- 22 westward, actually the highway there, blue. It moves
- 23 over. If you remember, we were over on Craycroft
- 24 before. Now we're at the highway. So that population
- 25 comes out District Z. District Z comes down the final

- 1 street borders, Dodge and Blacklidge. The remainder of
- 2 the shift occurs at the remainder of the edge. District
- 3 Z goes out to the Tucson city border, follows
- 4 essentially the city border. The result is as you see
- 5 from the spread sheet that you have,
- 6 CHAIRMAN LYNN: Spread sheet who has?
- 7 MR. JOHNSON: The map and spread sheet.
- 8 COMMISSIONER MINKOFF: I took yours.
- 9 Sorry.
- 10 MR. JOHNSON: The spread sheet after the
- 11 work, registration, in BB, is also seven percent; AQD
- 12 remains 13 .2, to do other change talked about.
- 13 Registration is 17 percent. AQD is 4.8 percent. You'll
- 14 see from your maps --
- 15 CHAIRMAN LYNN: Just so we don't have to
- 16 look it up, Z registration AQD numbers? Erasing
- 17 Ms. Minkoff.
- 18 MR. JOHNSON: Registration is just under
- 19 12 points, 11.8, registration 9.4.
- 20 CHAIRMAN LYNN: Thank you.
- 21 And thank you.
- 22 COMMISSIONER MINKOFF: You are welcome.
- 23 CHAIRMAN LYNN: All right.
- 24 Ladies and gentlemen, your pleasure.
- 25 Mr. Hall.

- 1 COMMISSIONER HALL: I have one question.
- 2 Given these questions, can someone explain to me how
- 3 these changes cause significant detriment to other
- 4 goals?
- 5 CHAIRMAN LYNN: Mr. Elder.
- 6 COMMISSIONER ELDER: Mr. Elder,
- 7 Commissioner Hall, we have now succeeded in adding
- 8 another one to the list I made before, split the place
- 9 of Casas Adobas. Casas Adobas, as I mentioned, in
- 10 litigation, we named them in litigation incorporated
- 11 battle lines along the river, so distinct from the City
- 12 of Tucson. Casas Adobas, the school system people are
- 13 willing to pay 10, 15 percent out to go to the City of
- 14 Tucson, Catalina School Foothills School district,
- 15 Catalina Canada. Splitting more densely, Flowing Wells
- 16 School District. If we go further east, we now see
- 17 ramifications of this incursion, just about if not at
- 18 the boundary, the national forest, Saguaro, DD,
- 19 noncontiguous southern portion of the district.
- 20 Catalina southern mountains, if a link, zero population
- 21 link. I don't see any benefit from this. If a motion,
- 22 needs a motion, I'll make a motion.
- 23 CHAIRMAN LYNN: Mr. Elder.
- 24 COMMISSIONER ELDER: Make a motion, do not
- 25 make motion, consider other issues, issues and

- 1 principles of 106.
- 2 CHAIRMAN LYNN: Second?
- 3 COMMISSIONER HUNTWORK: Second.
- 4 CHAIRMAN LYNN: Motion on the floor.
- 5 Consideration?
- 6 COMMISSIONER MINKOFF: Obviously I'll vote
- 7 against the motion. I have a few comments.
- 8 Looking at the original plan we talked
- 9 about, it's important to the river, the previous plan
- 10 before the shift made to District BB went north of the
- 11 river in certain areas of District Z, went far south of
- 12 Fort Lowell Road which has been crossed over the river.
- 13 To understand comments, the Flowing Wells previous plan,
- 14 it's now more split. Same thing with the Kyrene School
- 15 District. One of the things of the competitive
- 16 districts, one of the most competitive districts, one of
- 17 the most exciting districts. DD, and I'm not from
- 18 Tucson, and I don't know it as well as Mr. Lynn or
- 19 Elder, streets north-south part of DD east of Cotton
- 20 Road, Tucson Cotton Road boundaries, if streets exist
- 21 Tanque Verde, Wentworth or whatever gets you into the
- 22 southern part of the district.
- 23 I was told Proposition 106 creates
- 24 competitive districts as long as not to a significant
- 25 detriment of other criteria of Proposition 106.

- 1 Significant is a subjective term. Another person's
- 2 "minimal" is another person's "trivial." You can't move
- 3 one line on this map and affect one person without
- 4 someone claiming you are affecting many communities of
- 5 interest. The key word is "significant."
- 6 I look at voters in this state who want to
- 7 know their vote counts for something, at least some
- 8 districts who want, when they go to the polls, to have a
- 9 choice. If they are in the minority party in the
- 10 particular interest, that their vote still means
- 11 something. If a majority party district is so locked
- 12 in, the incumbent has no contest.
- 13 I support this while the compact
- 14 communities of interest I feel are not significant
- 15 enough to outweigh the obligation to create competitive
- 16 districts where possible.
- 17 CHAIRMAN LYNN: Thank you, Ms. Minkoff.
- 18 Other discussion on interest.
- 19 Either one. Mr. Huntwork then Mr. Hall.
- 20 COMMISSIONER HUNTWORK: Just looking at
- 21 the types of population that we're mixing here, and the
- 22 geometric contortions you have to do to go through it,
- 23 it strikes me you create competitive districts all over
- 24 the state if you mix the effects of dense urban and less
- 25 dense suburban population connecting less dense rural.

- 1 I don't think that's what we're called upon -- I think
- 2 we're prohibited from doing it. Those are different
- 3 interests, different communities of interest. We're not
- 4 to mix them in order to create competitiveness in an
- 5 artificial way. I don't think it's a healthy type
- 6 competitiveness. Competitiveness does not go and
- 7 overcome communities of interest. Mix together and,
- 8 yeah, you have a district that is competitive, but it
- 9 doesn't create a consensus. It's a polarized
- 10 competitiveness, one ends up winning and one loses.
- 11 That's not the goal of this exercise.
- 12 This clearly violates the compactness rule
- 13 and contiguous rule.
- 14 CHAIRMAN LYNN: Mr. Hall.
- 15 COMMISSIONER HALL: I wanted to know your
- 16 compactness rule, whether you agree.
- 17 CHAIRMAN LYNN: Simply got no laugh.
- 18 COMMISSIONER HALL: Smart enough, got to
- 19 have no point.
- 20 COMMISSIONER MINKOFF: One, no point.
- 21 CHAIRMAN LYNN: To sum up -- let me echo
- 22 what Mr. Elder said. Good people differ on the
- 23 application of good principles. Ms. Minkoff has been
- 24 extraordinarily consistent on that point of view. You
- 25 have to take each of the opportunities presented into

- 1 account and weigh the specific advantages of each.
- 2 Mr. Elder was quite specific on what it
- 3 does.
- 4 The general terms, generally polarized
- 5 voting geography, by definition, if you make districts
- 6 more competitive than they would be by geography of a
- 7 neighborhood, they don't look very good, don't seem to
- 8 respect interests and boundaries of interest. Tend to
- 9 take the shape that is inexplicable rather than
- 10 attaining the goal. It's a matter of balancing goals
- 11 available.
- 12 I do think that the original presentation
- 13 to the south is a better representation of how Tucson
- 14 thinks, votes, lives, and operates in general terms. I,
- 15 too, plan to vote in favor against the planned amendment
- 16 to get you where you need to be, Mr. Hall, Ms. Minkoff.
- 17 COMMISSIONER MINKOFF: Then I'd like to
- 18 make a suggestion. Keeping with comments I've heard,
- 19 one of the reasons for not doing this, the cities
- 20 feuding and neighborhoods are very, very different. If
- 21 crowding into districts won't work, we're needing to go
- 22 back to Phoenix. District J, Paradise Valley, J,
- 23 Sunnyslope, two neighborhoods, less in Sunnyslope, N,
- 24 and look at Buckeye Road. Then Tempe, including Phoenix
- 25 portions, if there's going to be a consistent redraw of

1	the	entire	Phoenix	map.
---	-----	--------	---------	------

- 2 CHAIRMAN LYNN: Mr. Huntwork?
- 3 COMMISSIONER HUNTWORK: Mr. Chairman, in
- 4 Phoenix we tried to minimize differences. Here we are
- 5 going way out of the way to create one district from
- 6 multiple communities of interest for competitiveness,
- 7 and that is the thing Proposition 106 prohibits us from
- 8 doing.
- 9 CHAIRMAN LYNN: I'm interested,
- 10 Ms. Minkoff, if those were problems, why didn't you
- 11 raise it earlier?
- 12 Other comments?
- 13 Mr. Elder?
- 14 COMMISSIONER ELDER: "Aye."
- 15 CHAIRMAN LYNN: Ms. Minkoff?
- 16 COMMISSIONER MINKOFF: "No."
- 17 CHAIRMAN LYNN: Mr. Hall?
- 18 COMMISSIONER HALL: "Aye."
- 19 CHAIRMAN LYNN: Mr. Huntwork?
- 20 COMMISSIONER HUNTWORK: "Aye."
- 21 CHAIRMAN LYNN: Chair votes "aye."
- 22 (Motion carries.)
- 23 CHAIRMAN LYNN: Back to the district
- 24 without change as presented by the consultants.
- 25 District Number?

1	COMMISSIONER ELDER. SV3 Version 2.
2	COMMISSIONER HALL: Mr. Chairman, the
3	issues
4	CHAIRMAN LYNN: We don't have an
5	affirmative motion in Southern Arizona. I'd be more
6	than happy to address his concerns
7	COMMISSIONER HALL: Sorry. Affirmative
8	motions for A, Maricopa.
9	COMMISSIONER HUNTWORK: I'd move we
10	incorporate this test, 4G-SV3 Revision Test 2, as a
11	working model into our current test.
12	CHAIRMAN LYNN: Hats off to you to
13	remember the numbers.
14	The right version.
15	Discussion on the motion?
16	Mr. Elder?
17	COMMISSIONER ELDER: "Aye."
18	CHAIRMAN LYNN: Ms. Minkoff?
19	COMMISSIONER MINKOFF: "No."
20	CHAIRMAN LYNN: Mr. Hall?
21	COMMISSIONER HALL: "Aye."
22	CHAIRMAN LYNN: Mr. Huntwork?
23	COMMISSIONER HUNTWORK: "Aye."
24	CHAIRMAN LYNN: Chair votes "Aye."
25	Motion carries four-one.

- 1 CHAIRMAN LYNN: We addressed three
- 2 separately, have taken them separately. They really,
- 3 really don't exist within a single map quite yet.
- 4 MR. JOHNSON: They're incorporated into
- 5 the version.
- 6 CHAIRMAN LYNN: This is, as it stands, the
- 7 most complete map, legislatively, of maps we've taken.
- 8 Then with that said, unless there's a caveat to it.
- 9 COMMISSIONER HUNTWORK: As I said, there
- 10 were something like 14 districts within the 16 percent
- 11 registration.
- 12 COMMISSIONER MINKOFF: 15.
- 13 COMMISSIONER HUNTWORK: Some were varying
- 14 degrees of competitiveness. Some were less than 15
- 15 degrees of competitive.
- 16 MR. JOHNSON: We don't have the total
- 17 count. There's some on competitiveness.
- 18 COMMISSIONER HUNTWORK: Fine. Talking
- 19 AQD. In addition to four --
- 20 COMMISSIONER MINKOFF: No.
- MR. JOHNSON: Okay.
- 22 COMMISSIONER HUNTWORK: I was looking my
- 23 list.
- 24 Let me ask a different number then. Of
- 25 the districts not in that range, how many of them are

- 1 highly Democrat? How many highly Republican?
- 2 MR. JOHNSON: Commissioner, we didn't look
- 3 at that. Give me a minute. I can count them.
- 4 COMMISSIONER HUNTWORK: Okay.
- 5 While doing that, let me ask you about
- 6 Western Maricopa County.
- 7 Move a little to east. See the northeast
- 8 area? Okay.
- 9 Too many lines and too few colors.
- 10 What I'm concerned about, I've been
- 11 talking growth areas a lot, and I'm simply concerned
- 12 that as we move into the West Valley, we have basically
- 13 put all growth areas in two districts. We didn't do
- 14 that further east. We were successful in spreading them
- 15 out. We're looking at some areas growing leaps and
- 16 bounds in two districts.
- 17 COMMISSIONER MINKOFF: Name them?
- 18 COMMISSIONER HUNTWORK: L, and the other
- 19 is E. I would like to avoid that if possible. It's
- 20 very possible 10 years from now both districts would
- 21 have conceivably twice as many people, or E, twice as
- 22 many people compared to districts right next to this.
- 23 At this stage of the game, if you've given any thought
- 24 to another approach, you might ameliorate that problem,
- 25 as lease I consider it to be a problem.

- 1 MR. JOHNSON: Commissioner, we understand
- 2 the concern up front and looked at it to some degree in
- 3 an area. There are a couple caveats, more district
- 4 drawing, that address that. District L, the concern is
- 5 growth areas west of it. Both District L is a minority
- 6 influence area. The reason, it's a somewhat noncompact
- 7 piece going off to the east of the district. So moving
- 8 the district in a more north-south configuration, or
- 9 taking more of Buckeye, impacts a minority influence.
- 10 We did a separate, northern part, separate northern part
- 11 of Buckeye. It's difficult the further part over.
- 12 H, looked at the north-south, northeast
- 13 configuration. Areas north of it at the extremely north
- 14 population, Peoria is very dense. It doesn't get very
- 15 far north, very complete, unless we divide Sun City or
- 16 this part of Peoria.
- 17 COMMISSIONER HUNTWORK: With respect to
- 18 District L, have you done any analysis of the
- 19 polarization of District L to determine if that
- 20 polarization is real?
- 21 MR. JOHNSON: I'll defer to the attorneys
- 22 on polarization.
- I believe of the procedural approach, the
- 24 polarized districts, it doesn't look or have the
- 25 character of the new districts.

- 1 COMMISSIONER ELDER: My question, maybe
- 2 based geometry numbers, perceptions, while they are
- 3 discussing that between themselves, is there anything
- 4 to, instead of L and inverting actually L, M, to go into
- 5 the area west of M, going into Goodyear and the area
- 6 south, extending both the growth areas to the west
- 7 instead of M being landlocked?
- 8 MR. JOHNSON: It's a good job breaking up
- 9 the areas described. District M, it's a Hispanic AUR,
- 10 also a majority-minority district.
- 11 COMMISSIONER ELDER: If it go against
- 12 minority-majority AURs, never mind.
- 13 COMMISSIONER HUNTWORK: Appears to me, h
- 14 and I are in play, the only ones. I is already working
- 15 on this. M and N are already majority-minority
- 16 districts, so we don't want to change them. If we're
- 17 going to do this, it would involve H, I, L, B, and L
- 18 that would be the only significant interest I know of.
- 19 In L, the question is whether there's
- 20 truly a minority interest or not or -- but is there some
- 21 other way combine this?
- 22 COMMISSIONER MINKOFF: Can I ask a
- 23 question?
- 24 CHAIRMAN LYNN: Will, Mr. Huntwork, will
- 25 you yield to a question?

- 1 COMMISSIONER MINKOFF: Tying I's growth to
- 2 certain areas, it seems landlocked.
- 3 COMMISSIONER HUNTWORK: Certainly that's
- 4 correct. To do anything, you'd work with F as well.
- 5 COMMISSIONER HUNTWORK: F -- the
- 6 north-south dividing line with F, there's the New River
- 7 Anthem area. Those further south are well-defined
- 8 communities.
- 9 COMMISSIONER HUNTWORK: F is more
- 10 pie-shaped and on the west it's a bit on the short side.
- 11 Similar -- it would open up a corridor. You could
- 12 create --
- 13 COMMISSIONER HUNTWORK: I is one of the
- 14 very few competitive districts.
- 15 MR. JOHNSON: To add something, L is
- 16 competitive.
- 17 COMMISSIONER ELDER: I hate to say it. I
- 18 agree with Ms. Minkoff on this.
- 19 COMMISSIONER MINKOFF: Underline this.
- 20 COMMISSIONER ELDER: To the detriment of
- 21 communities of interest, and AURs and testimony, and all
- 22 the other stuff I derived from reading, participating in
- 23 meetings there, I would like to have seen it, L, M, that
- 24 rotation work. The rotation, advent of rotation,
- 25 compactness just don't seem to work.

- I'm prepared to leave it as is, move
- 2 forward.
- 3 CHAIRMAN LYNN: Ms. Minkoff?
- 4 COMMISSIONER MINKOFF: The important point
- 5 is out just of the West Valley. We have a lot of
- 6 districts, Maricopa growth areas, G, K, F, V, U. I feel
- 7 really, really comfortable growth areas are disbursed,
- 8 O, J, N, because areas served can't take growth areas
- 9 in, in 10 years they'll be underpopulated in the two
- 10 districts, unavoidable populations. And the way we draw
- 11 districts ...
- 12 CHAIRMAN LYNN: Mr. Huntwork.
- 13 COMMISSIONER HUNTWORK: I know it's
- 14 unavoidable in many areas.
- 15 Again, what you've done, part of the
- 16 valley is covered. And the west side, you just don't
- 17 draw line and suddenly there's a block. I'm concerned.
- 18 I don't think H, I, L, and tip, gerrymandered tip of L,
- 19 involve the gerrymandered tip of it. I just want to say
- 20 D on the growth both ends, is rapidly growth on both
- 21 ends, and there are the rapidly growing areas of the
- 22 Tri-City areas. There are serious population problems
- 23 in D we'd like to see addressed if there's any way to do
- 24 it.
- 25 MR. JOHNSON: Commissioner, it's an

- 1 unusual city line.
- 2 COMMISSIONER HUNTWORK: Unusual, the east
- 3 in Glendale picks up part of the Hispanic AUR.
- 4 CHAIRMAN LYNN: Ms. Minkoff.
- 5 COMMISSIONER MINKOFF: Chairman, there are
- 6 four districts in the West Valley, H, L, M, D. To
- 7 increase the number, would it do so much damage? 50
- 8 percent districts, strong growth districts. I think
- 9 it's pretty reasonable.
- 10 COMMISSIONER HUNTWORK: Well, I feel in 10
- 11 years that district will be at least twice as big as the
- 12 others.
- 13 COMMISSIONER MINKOFF: Absolutely.
- 14 COMMISSIONER HUNTWORK: I hate to see that
- 15 happen. The stabile population happens to be switched
- 16 around.
- 17 COMMISSIONER MINKOFF: No.
- 18 CHAIRMAN LYNN: Mr. Huntwork.
- 19 Mr. Huntwork, I'm very sympathetic to the 2000 Census
- 20 data and what we'll do, in effect, to 10 years' growth
- 21 rate in the state, growth rate in the county.
- The map will look at very different
- 23 population, the next Commission, as it has to do it.
- 24 I take your point. I really do. And we
- 25 should, where we can, anticipate growth we not know

- 1 going to occur. What is difficult is I don't know how
- 2 to do it fairly or evenly. I do know one of the ways we
- 3 can approach it, it seems, one of the ways we have
- 4 approached it is lining up of the districts in such a
- 5 way as the periphery of the valley is generally divided,
- 6 is best divided, among a number of districts. Because
- 7 you can't assume where the growth is absolutely going to
- 8 occur or at what rate. Assume some distribution of
- 9 growth among districts on the periphery.
- I really do take your point. I don't know
- 11 what changes we'd balance on that and I'm thinking.
- 12 COMMISSIONER HUNTWORK: I think as much
- 13 growth as in D, F, K, and G all put together.
- 14 COMMISSIONER MINKOFF: No.
- 15 COMMISSIONER HUNTWORK: The only way to
- 16 see it, if F is further down into I, cut off part of the
- 17 district, cut off part in Peoria, the Glendale part of
- 18 Glendale. Glendale is currently cut. H is not --
- 19 therefore H is not a roadblock. Work H into the
- 20 equation, no specific community. Sun City we need to be
- 21 careful how we divide.
- 22 CHAIRMAN LYNN: The division at the
- 23 moment, we don't need to bring it up along some degree,
- 24 but Sun City, Sun City West, and Sun City Grand.
- 25 COMMISSIONER HUNTWORK: The homeowners'

- 1 Association in Sun City Grand.
- 2 CHAIRMAN LYNN: Jim, done?
- 3 COMMISSIONER HUNTWORK: I could go on and
- 4 on.
- 5 COMMISSIONER ELDER: Let me ask a question
- 6 on a different bent.
- 7 Doug, what do you believe the urbanized
- 8 area is populationwise in relation to the balance of D,
- 9 the rural-urban influence, I guess growth? How soon
- 10 urban, if it's not?
- 11 MR. JOHNSON: The district is dominated in
- 12 the Maricopa portion. Rural portions go out to
- 13 Surprise. It varies on who you ask. I'd hesitate to
- 14 take a guess.
- 15 COMMISSIONER ELDER: I don't see any
- 16 shift, gain there: Protect the rural-urban break.
- 17 Seems like where we're at.
- 18 MR. JOHNSON: F, K made it easily at
- 19 the -- what were at the edge's of dense population,
- 20 narrow population. The freeway dense population of the
- 21 southern edge. F, H, I have to be include the extremely
- 22 narrow half of Wisconsin F, K. That would be a
- 23 challenge.
- 24 CHAIRMAN LYNN: Ladies and gentlemen.
- 25 COMMISSIONER HUNTWORK: Mr. Chairman, I'm

- 1 sufficiently concerned about this I'd like to make a
- 2 motion, I don't know if get any sympathy for this or
- 3 not, more like 150,000 people in D, a thousand like you
- 4 have sympathy for, would like you to ask the consultants
- 5 to think about and show us what it would take to break
- 6 up the enormous growth area currently all included in
- 7 District D.
- 8 CHAIRMAN LYNN: Is there a second?
- 9 Sorry, Mr. Huntwork.
- 10 CHAIRMAN LYNN: Is there an affirmative
- 11 motion on the map?
- 12 COMMISSIONER HUNTWORK: Would like to know
- 13 the answer to the question I asked previously.
- 14 MS. LEONI: I have the answer.
- 15 COMMISSIONER MINKOFF: What was the
- 16 question?
- 17 COMMISSIONER HUNTWORK: The question on
- 18 districts of more than 15 percent difference.
- 19 MS. LEONI: The data sheet from Doug this
- 20 morning, new base map, 10 districts within 15 percent on
- 21 AQD measurement. Of the remaining 20, 8 Democratic, 12
- 22 Republican.
- 23 COMMISSIONER HUNTWORK: Mr. Chairman.
- 24 CHAIRMAN LYNN: Mr. Huntwork.
- 25 COMMISSIONER HUNTWORK: We've come a long

- 1 way and worked very, very hard to find, identify, and
- 2 respect communities of interest throughout the State of
- 3 Arizona. We've worked very, very hard to find
- 4 competitive districts that we could create without
- 5 violating the other mandatory criteria of Proposition
- 6 106 to a significant extent.
- 7 There are things about this map I don't
- 8 like. I'm sure that everyone else also has -- other
- 9 people have other concerns about other things. But I
- 10 think we have looked at all pieces of it at this point.
- 11 I'm not aware of any other issue that has
- 12 been raised that hasn't been examined. And I think it
- 13 may be time at this point to make a motion that we adopt
- 14 this map. So I so move.
- 15 CHAIRMAN LYNN: Is there a second?
- 16 COMMISSIONER MINKOFF: Second.
- 17 CHAIRMAN LYNN: To be sure, this is the
- 18 adoption of test 4G-SV3 Revision 2 as amended.
- 19 And you'll remember the "as amended" that
- 20 is in there.
- 21 COMMISSIONER MINKOFF: It is in there.
- 22 CHAIRMAN LYNN: So it's 4G-SV3 R 2 that
- 23 we'll move forward with.
- 24 Discussion on that?
- 25 COMMISSIONER HALL: Point of order: I

- 1 wonder if we'll amend with minor flexibility for the
- 2 consultants to tweak boundaries to very small degrees
- 3 between Congressional lines and Legislative lines.
- 4 CHAIRMAN LYNN: Similar instructions as to
- 5 Congressional lines?
- 6 COMMISSIONER HUNTWORK: Yes.
- 7 COMMISSIONER MINKOFF: As I recall, there
- 8 are instructions where possible to avoid squiggles, juts
- 9 out, and try to smooth out for population deviation and
- 10 incorporate that as well.
- 11 CHAIRMAN LYNN: Minor population
- 12 deviations.
- 13 COMMISSIONER MINKOFF: Same instruction.
- 14 CHAIRMAN LYNN: As the Congressional map,
- 15 higher tolerance.
- 16 Is that acceptable?
- 17 COMMISSIONER HUNTWORK: Yes.
- 18 CHAIRMAN LYNN: Mr. Elder?
- 19 COMMISSIONER ELDER: I'd ask counsel if
- 20 that addition makes a complete motion and what we need
- 21 to do with moving the map forward.
- MS. HAUSER: Mr. Chairman, Mr. Elder, yes.
- 23 For the moment, I would recommend to get to the same
- 24 stage on this map as you're currently at with for the
- 25 Congressional one, final summary, for the moment.

1	COMMISSIONER	ELDER:	This	is	it.	_

- 2 CHAIRMAN LYNN: The summary, at the
- 3 moment, and then we'll talk about in the future where we
- 4 need to go.
- We're okay. I do. Promise I do.
- 6 MS. HAUSER: I do.
- 7 CHAIRMAN LYNN: So Mr. Elder is satisfied
- 8 with the answer at the front end of it.
- 9 COMMISSIONER ELDER: Yes.
- 10 CHAIRMAN LYNN: Discussion on the motion.
- 11 Mr. Hall?
- 12 COMMISSIONER HALL: I'd like to say in
- 13 summary I feel we have, Mr. Huntwork made every effort
- 14 to accommodate a variety of interests throughout the
- 15 great state, minorities, as were implemented as have
- 16 ever been in any process. Native Americans and
- 17 Hispanics, rural Arizona, has had significant
- 18 representation. And there's ample competitiveness to
- 19 allow for choices at the polls and people to vigorously
- 20 debate the issues and hopefully develop better ideas and
- 21 better policy for our state.
- 22 As Mr. Huntwork indicated, the map isn't
- 23 perfect. It indicates significant compromise. On the
- 24 whole, on the record, I'm pleased to be part of the
- 25 process and proud to support adoption of this map.

1	CHAIRMAN LYNN: Further discussion on the
2	motion?
3	If not, roll call.
4	Mr. Elder?
5	COMMISSIONER ELDER: "Aye."
6	CHAIRMAN LYNN: Ms. Minkoff?
7	COMMISSIONER MINKOFF: "Aye."
8	CHAIRMAN LYNN: Mr. Hall?
9	COMMISSIONER HALL: "Aye."
10	CHAIRMAN LYNN: Mr. Huntwork?
11	COMMISSIONER HUNTWORK: "Aye."
12	CHAIRMAN LYNN: Chair votes "aye."
13	The test, 4G-SV3 Revision 2, is passed and
14	adopted as our preferred Legislative map.
15	We now have two maps that have come to
16	this stage of completion. We have given instructions to
17	the consultants to do required fine-tuning, required
18	clean-up of traps that may occur, alignment issues of
19	Congressional-Legislative lines that may be practical,
20	adjustment of neighborhoods, minimal
21	population-deviation issues that are in play.
22	Ms. Minkoff was going to ask something of
23	our attorney, Ms. Hauser.
24	COMMISSIONER MINKOFF: Ms. Hauser, is

there something we need to add to this? We need to

25

- 1 instruct the letter designation change to number
- 2 designation.
- 3 CHAIRMAN LYNN: At the risk of incurring
- 4 an awful lot of debate, we could use the same.
- 5 COMMISSIONER MINKOFF: We started in
- 6 Yavapai. We could do that and do it alphabetically, A
- 7 being number one.
- 8 MR. JOHNSON: My only suggestion, in this
- 9 revision F, K, G, they were flipped.
- 10 COMMISSIONER MINKOFF: Change them.
- 11 COMMISSIONER ELDER: We used the context,
- 12 Tucson was once designated for the Capitol, and it
- 13 changed later.
- 14 CHAIRMAN LYNN: Tucson once served as the
- 15 State Capitol.
- 16 COMMISSIONER MINKOFF: Refers to the State
- 17 Capitol.
- 18 CHAIRMAN LYNN: Mr. Huntwork wanted to
- 19 weigh in.
- 20 COMMISSIONER HUNTWORK: In this area,
- 21 particularly some of the urban settings, I think there
- 22 is room for -- people can be confused by changes in
- 23 number. As to comments to that, running to the same
- 24 precinct, to folks that lamented District 21, then
- 25 District 7, now District 25, as if that were, you know,

- 1 a significant source of concern and confusion, I don't
- 2 see any concern, particularly in urban areas, to
- 3 identify the closest to current numbering system, to use
- 4 that and avoid as much confusion as possible.
- 5 CHAIRMAN LYNN: My concern there, there's
- 6 a lot of room in one's judgment on what is closest.
- 7 It's very difficult for someone to make an independent
- 8 judgment.
- 9 Mr. Johnson, Dr. Adams, this is our first
- 10 redistricting. You have a few under your belt. Is
- 11 there a methodology you might suggest?
- 12 COMMISSIONER HALL: I make a motion they
- 13 be numbered alphabetically.
- 14 COMMISSIONER ELDER: Second.
- 15 CHAIRMAN LYNN: Straight alphabetic
- 16 enumeration.
- Moved and seconded.
- 18 Ms. Hauser?
- MS. HAUSER: The only thing I'd point out,
- 20 we made an effort to start with Yavapai because of the
- 21 historic precedent for Congressional 1. It's actually
- 22 applicable to Legislative maps. That's just for the
- 23 Commission's edification.
- 24 CHAIRMAN LYNN: That would be a different
- 25 point of view.

1	Rather	than	αO	through	the	motion.	Pluow
<b>±</b>	racmer	LIIAII	90	CIII Ougii	CITE	INOCTOIL,	would

- 2 you be amenable if Prescott presides as 1, then going
- 3 alphabetically?
- 4 COMMISSIONER HALL: I'm amenable to
- 5 anything that ended this discussion.
- 6 COMMISSIONER MINKOFF: I'll second it.
- 7 COMMISSIONER ELDER: I'll second it.
- 8 COMMISSIONER HUNTWORK: Want to ask
- 9 counsel, one second, I recall reading in a newspaper a
- 10 number of candidates, incumbents, raised mention
- 11 regarding term limitations how they might be affected.
- 12 It was answered by the Attorney General there was no
- 13 court decision regarding the issue, simply an Attorney
- 14 General decision. Do you feel we should take that into
- 15 consideration in any way?
- 16 CHAIRMAN LYNN: Ms. Hauser?
- 17 MS. HAUSER: Mr. Chairman, Commissioner
- 18 Huntwork, no.
- 19 CHAIRMAN LYNN: Mr. Hall, is that
- 20 acceptable?
- 21 COMMISSIONER HALL: I reiterate.
- 22 CHAIRMAN LYNN: Ms. Minkoff?
- 23 COMMISSIONER MINKOFF: Absolutely.
- 24 CHAIRMAN LYNN: C district 1 and proceed
- 25 alphabetically.

1	MR.	JOHNSON:	Т	suggest	in	 that	F.	К.

- 2 G, so, the geographic order, the relettering caused it
- 3 to be flipped.
- 4 CHAIRMAN LYNN: Yes.
- 5 All in favor of the motion, signify aye.
- 6 (Vote taken.)
- 7 CHAIRMAN LYNN: Opposed "no."
- 8 Motion carries. (Vote was 5-0.)
- 9 COMMISSIONER HALL: I'd instruct the
- 10 consultants to provide electronic data and a binder with
- 11 the final maps in light of -- I guess a number of folks,
- 12 one of which scheduled me to do a synopsis, a Power
- 13 Point presentation, for our benefit. They asked for a
- 14 presentation on the process. And the quicker that might
- 15 occur the better. It's the 8th of November.
- 16 CHAIRMAN LYNN: The quicker that can
- 17 occur.
- 18 MS. HAUSER: I need two minutes to get a
- 19 final motion ready for you.
- 20 CHAIRMAN LYNN: As that is being readied,
- 21 we do need to have an additional meeting, at least one.
- 22 That meeting is for the purpose of possibly making
- 23 adjustment to maps as a result of instructions to
- 24 consultants, other instructions for the record.
- Is that the subject of the motion?

1	MC	UNITOED.	Thatle	included.
1	MD.	HAUSER:	inat's	Tuctuded

- 2 CHAIRMAN LYNN: Excellent. I'll hold off.
- 3 MS. HAUSER: If you wanted to discuss and
- 4 select even a date, as to selecting dates, that's
- 5 appropriate to do.
- 6 CHAIRMAN LYNN: Mr. Hall.
- 7 COMMISSIONER HALL: Prior to getting
- 8 there, before the crowd disburses, I'd like to thank the
- 9 consultants.
- 10 CHAIRMAN LYNN: Ladies and gentlemen, if
- 11 we could have it quiet.
- 12 COMMISSIONER HALL: I'd like to thank the
- 13 consultants and staff, most especially Doug and Chris,
- 14 for their dedication, flexibility, patience, and the
- 15 tremendous work they've done.
- 16 Without objection, I'd instruct
- 17 Dr. Heslop, they deserve a big bonus.
- DR. HESLOP: I want mine, first.
- 19 COMMISSIONER HALL: So ordered.
- 20 CHAIRMAN LYNN: It has always been thus.
- 21 Wrap-up comments.
- I do think, for the record, with the kind
- 23 of redistricting we undertook, I believe it would have
- 24 been extremely different. From a personal view, we're
- 25 very fortunate we made good choices in legal counsel,

- 1 the consultants. The kind of redistricting we embarked
- 2 on needs to be followed in an open manner, and it's
- 3 extraordinary, open. Hiring NDC as mapping consultants,
- 4 I echo what Mr. Hall expressed. I think they're not
- 5 only the very most capable people in the country, they
- 6 did a tremendous job. They were so flexible with
- 7 requests given, responses done. I echo his sentiments.
- 8 COMMISSIONER MINKOFF: I do as well.
- 9 CHAIRMAN LYNN: Ms. Hauser, other
- 10 business?
- 11 COMMISSIONER HALL: I do.
- 12 CHAIRMAN LYNN: Dates before Ms. Hauser.
- 13 COMMISSIONER HALL: Okay.
- 14 CHAIRMAN LYNN: Sychronize calendars to
- 15 the best of our ability? Everybody has theirs out
- 16 except the Chairman.
- 17 Look at a date.
- Dr. Adams, two weeks or more hence?
- 19 DR. ADAMS: Chairman Lynn, Members of the
- 20 Commission, a week for our work, a week for the
- 21 attorneys' to look over our work. I think that would be
- 22 satisfactory.
- 23 COMMISSIONER HUNTWORK: I didn't bring my
- 24 calendar. We'll have to do it by --
- 25 CHAIRMAN LYNN: We're trying to

- 1 incorporate it into the motion.
- 2 COMMISSIONER MINKOFF: Maybe say since
- 3 we're all here, pick a couple dates and see which is
- 4 best?
- 5 CHAIRMAN LYNN: Do you know of any off the
- 6 top of your head that are not possible?
- 7 COMMISSIONER HUNTWORK: Two weeks from
- 8 Monday, I haven't looked that closely at my calendar
- 9 that far in advance.
- 10 CHAIRMAN LYNN: Week of Halloween, we
- 11 could dress up.
- 12 We said we'd leave out in that lengthy
- 13 process some opportunity available for people to
- 14 comment.
- 15 COMMISSIONER MINKOFF: Comments so they'd
- 16 be able to...
- 17 CHAIRMAN LYNN: Nope. Not without a
- 18 motion. Specifically falls clearly under instructions
- 19 already given, they may not make changes.
- 20 So are talking about essentially the week
- 21 of October 29th, sometime during that week?
- 22 Mondays are not good for me.
- 23 1st of November?
- 24 COMMISSIONER ELDER: Wednesday?
- 25 CHAIRMAN LYNN: Thursday.

1 One	date	is	November	1st	for	you	to	at
-------	------	----	----------	-----	-----	-----	----	----

- 2 least clear on your calendar. The alternative is the
- 3 next day -- it's a two- to three-hour meeting.
- 4 COMMISSIONER HALL: The next day.
- 5 COMMISSIONER HALL: The 2nd is better for
- 6 me.
- 7 CHAIRMAN LYNN: You like Fridays and
- 8 Mondays.
- 9 COMMISSIONER ELDER: I can make either.
- 10 CHAIRMAN LYNN: Which, Friday?
- 11 CHAIRMAN LYNN: November 5th?
- 12 COMMISSIONER HALL: No.
- 13 COMMISSIONER MINKOFF: I can't make
- 14 Tuesday.
- 15 COMMISSIONER MINKOFF: What about the 3rd,
- 16 Saturday the 3rd?
- 17 CHAIRMAN LYNN: We can do that.
- 18 COMMISSIONER ELDER: Could be the World
- 19 Series.
- 20 CHAIRMAN LYNN: Mr. Huntwork, Saturday the
- 21 3rd.
- 22 Concentrate on the 1st or 3rd, see what
- 23 Mr. Huntwork's calendar looks like.
- 24 COMMISSIONER HALL: Do it Saturday.
- 25 CHAIRMAN LYNN: Saturday the 3rd.

1	COMMISSIONER MINKOFF: Final or keep both
2	days?
3	COMMISSIONER HUNTWORK: I can do that day.
4	CHAIRMAN LYNN: I think we're settled.
5	Ms. Hauser?
6	Wanted her to know for purposes of the
7	motion, November 3rd has been selected.
8	COMMISSIONER HALL: Mr. Chairman.
9	CHAIRMAN LYNN: Mr. Hall.
10	COMMISSIONER HALL: While legal counsel
11	isn't paying attention, which would be good, we'll need
12	to do a little administrative work negotiating with them
13	on phase two of the process. I'd be happy to do that.
14	CHAIRMAN LYNN: Say that again?
15	COMMISSIONER HALL: Legal counsel.
16	CHAIRMAN LYNN: Oh. If that is required,
17	bring it back to us on that date, fine.
18	COMMISSIONER MINKOFF: Question about
19	that. You mean subsequent to preclearance?
20	COMMISSIONER HALL: Mean into the process
21	of preclearance. I think there was a question there,
22	determine whether there was or wasn't a report
23	back.
24	CHAIRMAN LYNN: I think that's fine.

COMMISSIONER HUNTWORK: I am concerned,

25

- 1 because the intention was to hire this counsel through
- 2 preclearance. They are the two attorneys best
- 3 qualified. I don't think there was question as to that
- 4 detail or is it an administrative detail?
- 5 COMMISSIONER HALL: Absolutely. The
- 6 question is detail.
- 7 COMMISSIONER MINKOFF: It's very late in
- 8 the process. It could be expected, timewise. My
- 9 understanding, we haven't adopted the final map. It's
- 10 close enough to it they can begin to develop the
- 11 submission to the Department of Justice.
- 12 COMMISSIONER HALL: It will not be
- 13 delayed.
- 14 COMMISSIONER MINKOFF: Fine.
- 15 COMMISSIONER HUNTWORK: Instruction is if
- 16 there's a problem, fix it.
- 17 CHAIRMAN LYNN: I'm sorry the press is
- 18 otherwise occupied. I want to do this as well while
- 19 they are here, talk a moment about IRC staff.
- 20 The IRC staff has been absolutely
- 21 exceptional in this process.
- 22 Lou, if Lou or if Cindy are here, anybody
- 23 from staff are here in the hotel, in the room: IRC
- 24 staff is an exceptional group of people to work with!
- 25 This is a job on its face nothing short of team work.

- 1 There's absolutely no possible way we could guarantee
- 2 we'd get beyond this phase of the process where we are,
- 3 preclearance, and any defense end, at some point in time
- 4 and not too far into the future, without them. And to
- 5 have a staff such as we assembled is truly outstanding.
- I think for the record we need to
- 7 acknowledge when we needed to be in several places per
- 8 day at a time when we needed to be doing that, they did
- 9 that. Air connections, remote connections, they did
- 10 that!
- 11 Something in the press this week caught my
- 12 eye. It was mentioned that our Executive Director
- 13 wasn't here this week. I need to make two comments
- 14 relative to that. First and foremost, our schedules
- 15 were such, all of us felt we'd be finished before now.
- 16 When Mr. Echeveste was hired, he was hired as an
- 17 outreach coordinator. Outreach ended in September. He
- 18 had continued to maintain a family vacation for a long
- 19 period of time prior to the process being started. With
- 20 his elevation to Executive Director, it was very clear
- 21 to me that we would miss him this week whatever was
- 22 happening this week. We certainly thought we would be
- 23 finished this week.
- 24 To his credit, I don't think anybody would
- 25 have noticed a blip.

1	Wha+	that	meang	Mт	Echeveste	16f+	=
1	wiiat	LIIAL	means,	MT.	FCHEVERLE	Terr	_

- 2 staff, a fully functioning and professional staff.
- 3 Mr. Echeveste's task, office functions, he
- 4 does that in the most professional and responsible
- 5 manner. He was able to take his vacation with the full
- 6 support of the Commission. He also specifically
- 7 deserves our thanks and respect. And I'm delighted.
- 8 And hopefully he had a wonderful week with his family.
- 9 That having been said, is there a motion?
- 10 MR. ELDER: I move to adopt Draft 4EE as
- 11 the Final Congressional and Draft 4G SV3 R2 as the Final
- 12 Legislative Maps subject to:
- 13 Adjustments by NDC to the final
- 14 Congressional map to equalize population to within one
- 15 person to the extent practicable;
- 16 Adjustments by NDC to the final
- 17 Legislative map to avoid small pockets of population
- 18 trapped between Legislative and Congressional lines that
- 19 would otherwise necessitate the creation of tiny
- 20 precincts;
- 21 Adjustments by NDC necessary for
- 22 administrative clean-up;
- 23 Identification by counsel of any areas in
- 24 which the Commission needs to make a record of its
- 25 finding concerning matters including, but not limited to

- 1 other plans, substantial detriment and competitiveness
- 2 adjustments and/or population deviations, before
- 3 certification to the Secretary of State of the
- 4 establishment of the Congressional and Legislative
- 5 Districts; and that the Commission schedule a subsequent
- 6 meeting on November 3, 2001, for the purpose of adopting
- 7 these administrative changes to the maps, making any
- 8 final statements or findings and voting to certify the
- 9 maps to the Secretary of State.
- 10 COMMISSIONER MINKOFF: Second.
- 11 CHAIRMAN LYNN: Discussion?
- 12 If no discussion, roll call.
- 13 Mr. Elder?
- 14 COMMISSIONER ELDER: "Aye."
- 15 CHAIRMAN LYNN: Ms. Minkoff?
- 16 COMMISSIONER MINKOFF: "Aye."
- 17 CHAIRMAN LYNN: Mr. Hall?
- 18 COMMISSIONER HALL: "Aye."
- 19 CHAIRMAN LYNN: Mr. Huntwork?
- 20 COMMISSIONER HUNTWORK: "Aye."
- 21 CHAIRMAN LYNN: Chair votes "Aye."
- 22 Any further business to come before the
- 23 Commission?
- 24 (Applause bursts out from the audience for
- 25 the Independent Redistricting Commissioners.)

- 1 CHAIRMAN LYNN: I cannot tell you how much
- 2 I appreciate that.
- 3 As was testimony earlier and our custom,
- 4 there is one more opportunity for public comment. We
- 5 said we would, and we must.
- 6 MR. HARTDEGEN: The peanut gallery might
- 7 not.
- 8 CHAIRMAN LYNN: You have a slip.
- 9 MR. HARTDEGEN: One of the stuff they gave
- 10 me was my own stack of forms.
- Jim Hartdegen, City of Casa Grande.
- 12 You guys are fun. This has been
- 13 educational for me. There has been a little bit of
- 14 history even for the peanut gallery.
- 15 My task has been to keep Casa Grande from
- 16 slipping away. I think that's been easy. I don't think
- 17 Casa Grande would have been slipped away even if put on
- 18 Mars. The second task given was to try to keep Western
- 19 Pinal County as whole as possible or whole. Third was
- 20 to keep Pinal as whole as possible. Kind of slipped on
- 21 Western Pinal, but not too bad.
- 22 I'd like to thank you. You really did on
- 23 the limb for this. I'd like to thank you on behalf of
- 24 the City of Casa Grande, Casa Grande Chamber of
- 25 Commerce, the Farm Bureau. I think they'll be very

- 1 pleased when I get back down and show them things. I'll
- 2 post it on the nearest telephone pole to show things.
- 3 Thank you for allowing me leeway, several
- 4 times, with movement of lines. When maps didn't make
- 5 it, you were open to listen to that.
- 6 I'm personally pleased with the outcome
- 7 for Pinal County.
- 8 Thank you very much.
- 9 CHAIRMAN LYNN: Thank you, Mr. Hartdegen.
- 10 Other members of the public that wish to
- 11 be heard at this time.
- 12 If memory serves, Mr. Flannery.
- 13 Mr. Flannery from Prescott.
- 14 MR. FLANNERY: I'm the closest thing to a
- 15 representative from area up there.
- 16 It's an honor to be here, to be designated
- 17 and recognized for the original Capitol, Congressional
- 18 District 1, Legislative District 1. Thank you for
- 19 honoring us. I'll relay the message up there.
- 20 CHAIRMAN LYNN: Thank you, Mr. Flannery.
- 21 Other members of the public?
- 22 Mr. Solarez.
- MR. SOLAREZ: Thank you for paying
- 24 attention to the needs of minorities, even though before
- 25 you guys were on the Commission, we chastised you, and

- 1 you guys performed up to par. Respect has to be shown
- 2 to you. You respected the State of Arizona. To bring a
- 3 point to order, my family was from Tubac, it's actually
- 4 the first Capitol.
- 5 I appreciate the friendships and wish you
- 6 the best off.
- 7 CHAIRMAN LYNN: Other members wish to be
- 8 heard?
- 9 MR. KIZER: Aaron Kizer, Citizens for Fair
- 10 Redistricting.
- 11 We wish to thank you very much. We wish
- 12 we achieved a more compact district. We have nine
- 13 districts. You lived up to your end of the bargain.
- 14 We'll live up to our end. We'll meet Tuesday and
- 15 consider that, take it into formal consideration.
- 16 Thank you very much.
- 17 CHAIRMAN LYNN: Other members of the
- 18 public that wish to be heard?
- 19 Dr. Adams.
- 20 DR. ADAMS: Chairman Lynn, Members of the
- 21 Commission, National Demographics, all the staff of
- 22 National Demographics, we've enjoyed working with all of
- 23 you, we agree with you, you've been wonderfully superb,
- 24 wonderfully responsive to us, groundbreakingly
- 25 responsive, and it's groundbreaking work.

- 2 public?
- 3 If not, any member of the Commission have
- 4 any business or statements from the dias?
- 5 MS. HAUSER: Thank the court reporter.
- 6 COMMISSIONER HALL: First public comment
- 7 where we haven't been threatened to be sued.
- 8 CHAIRMAN LYNN: Significant number of
- 9 plaintiffs not present.
- 10 COMMISSIONER ELDER: Mr. Elder,
- 11 Ms. Minkoff?
- 12 COMMISSIONER ELDER: Just a vote of
- 13 appreciation for our court reporter. Of all the
- 14 reporters, we had the most timely putting out of
- 15 reports. Even liked her when the reporter got back late
- 16 from the break by 15 minutes. (Laughter)
- 17 I appreciated the data, the ability to
- 18 read and respond to us when you came to the meetings.
- 19 CHAIRMAN LYNN: Comments from all of us on
- 20 that, we feel the same way.
- 21 I think secretly, Ms. Nance has -- I think
- 22 she has stock in steel cases. I had to buy three, four
- 23 file cabinets just to put transcripts in.
- 24 She's really done an outstanding job.
- 25 And those of you used to use court

- 1 reporting, they generally break every hour on the hour.
- 2 Ms. Nance has the ability to extend that, which helps us
- 3 and the public address us and our ability to get the job
- 4 done, which we very much appreciated.
- 5 COMMISSIONER MINKOFF: This has been a
- 6 very, very long road and we're almost at the end of it.
- 7 Our staff has been absolutely the tops.
- 8 I think our legal counsel. Jose, Lisa,
- 9 you guys are terrific!
- 10 Lisa not only does transcripts well,
- 11 quickly, on occasion she feeds us.
- 12 NDC, how you put up with us without
- 13 totally losing it in public is beyond me.
- 14 I've been very, very pleased to be a part
- 15 of this.
- I believe the most important vote taken by
- 17 this Commission was the vote to elect Mr. Lynn as
- 18 Chairman. The end product was very much a result of
- 19 that decision.
- 20 CHAIRMAN LYNN: Thank you, Ms. Minkoff.
- 21 Further business to come before the
- 22 Commission?
- 23 COMMISSIONER MINKOFF: Mr. Chairman, not
- 24 necessarily on the agenda.
- 25 COMMISSIONER HALL: Just need to get the

1	tear out of my eye. I'm ready to go.
2	CHAIRMAN LYNN: Help me, ladies and
3	gentlemen.
4	We are, until the 3rd of November, we'll
5	deal with the motion and other motions substantially
6	made.
7	We're adjourned.
8	(Whereupon, the hearing concluded at
9	approximately 12:45 p.m.)
